Outreaches for hard to reach areas

1. IDENTIFICATION OF NEEDY COMMUNITY MEMBERS

Trained volunteers continued to identify people in need of care. These people include women, men, boys and girls seeking medical assistance, school fees, nutritional support and others having suffered Gender Based Violence.

2. TO IMPROVE HOUSEHOLD INCOME, FOOD SECURITY AND HEALTH

NUTRITIONAL SUPPORT

The organization has continued to create strong synergies and networking with local stakeholders and donors with the bid to offer nutritional support to the needy in the community. During the month it reached 233 (113M 120F) orphans and vulnerable children with fish heads in its feed programme. The organisation also managed to reach 77 (46M 31F) and 16 (6M 11F) elderly with kapenta for the month of March. See distribution below

MEDICAL SUPPORT

A total of 2 005 (716 M 1 289F) were reached with SRHR information which led to a total of 316 (112M 204) getting tested for HIV and knowing their statuses. The figure comprises those reached through the Women and child health project including outreaches for hard to reach areas, Youths in School peer education, and those reached in youth clubs. Secondary caregivers continue to spread the gospel through ward meetings and door to door sessions, they conducted ward meetings reaching to 171 (50M 121F) and a total of 116 (46M 70F) individuals and 123 couples reached through door to door counseling sessions. They reached 338 (104M 234F) with GBV information focusing on prevention of GBV and referral pathways. Volunteers have managed to offer assistance to 79 (3M 76F) individuals on GBV and these were assisted through counseling and referrals to VFU for 2 women and 16 (1M 15F) to Social Services. Tony Waite volunteers have also managed to give TB adherence support to 16 female individuals and 3 (1M 2F) were reported to have completed their treatment. The youths in school peer educators managed to disseminate SRH information to 809 (416M 393F), a total of 7(1M 6F) emotional abuse cases were sighted. Video screening was done to youth out of school reaching to 49(29m 20f) see photos over leaf.

The PMTCT mothers' meetings are ongoing at Nyamhunga Clinic with the PMTCT champion spearheading the discussions and disseminating information whilst encouraging disclosure. They continue working on strengthening support group membership as well as doing income generating activities so as to economically strengthen themselves. The organisation is also making efforts to resource mobilize to help these women in PMTCT support groups with economic strengthening projects so that they are able to sustain themselves and their families

The organization continues working hand in glove with other organizations and this has ensured cooperation which has assisted the disadvantaged and the underprivileged. Volunteers continue to conduct home visits to Community Home Based Care clients and support visits were done.

OUTREACHES

Outreaches were done with the MoH&CC in lake and hard to reach areas where people accessed medical care HIV and AIDS counseling and testing and also screening of sexually transmitted infections. The outreaches were conducted at Nyaodza and Gache Gache fishing camps, quarry NAU and Charara. Other services provided included family planning services, viral load testing was also done, and the patients who participated in the viral load will be expecting their results next month, treatment of general ailments, child growth monitoring and immunization as well as dissemination of health information. The organization joined hands with MOHCC in conducting the HTC outreaches in Kariba urban, peri urban and fishing camps. The programme was well received by the community. These outreaches are a ray of hope to these communities such that when teams get to these areas people express gratitude as they are cut off by the water from essential health services. See photos below of HIV testing services, child growth monitoring and immunizations

LIVELIHOODS PROJECTS

The organization operates in four livelihoods gardens namely Padare, ZIHOPFE and Charara and primary school in a bid to improve nutritional support and household income through availability of fresh vegetables for consumption they are fully utilizing their space to draw

maximum benefits from their garden. They have harvested all the crops they planted and now they are preparing the land so that they embark on farming new plants ,tomatoes onions and cabbages. At Padare garden production is full throttle as well and they have since started harvesting beans for sale.

PSYCHOSOCIAL SUPPORT

Youth clubs and support groups are continuing to meet once per month holding their meetings at Nyamhunga and Mahombekombe. A total of 206 (98M 108F) have been reached during the month of January. This month has also seen more girls attending which is a positive move since they are the most vulnerable in the community. They continue getting information on SRHR, Gender Based Violence, hygiene, child abuse, rights and responsibilities. They continue requesting for balls so as to engage in sporting activities during their club meetings. A total of 15 (2M 13F) received counseling from the volunteers during the month

FAMILYCLUBMEETINGS

Organization managed to conduct family clubs in the month of March reaching a total of 15 females. These are instrumental in disseminating and sharing parental skills, giving information on SRHR, Gender Based Violence whilst promoting adherence for people living with HIV .There is also the opportunity to share skills and conduct internal savings and lending as a way of uplifting lives of the vulnerable in the community.
